

WAR TALK IN JAPAN
BECAUSE SHIP GOES
PAPERS EVINCE HOSTILITY TO THE UNITED STATES.

The Sending of an American Cruiser to the Hawaiian Islands Is Construed as a Menace to Japanese Interests—Legation Ridicules War-Jingo Papers Are Blamed.

San Francisco, Cal., April 30.—According to advices by steamer the Japanese government is aroused over the refusal of the Hawaiian government to permit the Shinshin Maru immigrants to land there, and has ordered

EMPEROR OF JAPAN.

war ships to Honolulu to enforce what the Japanese immigrants consider their rights.

Grave complications have arisen, according to Japanese official newspapers, over the action of the United States government in sending the Philadelphia to Honolulu. Japanese official organs claim the cruiser has been sent as a menace to the Japanese government, and that it is significant in that it foretells annexation of the islands to the United States. Japanese official newspapers are full of war talk.

Washington, April 30.—The officials of the Japanese legation in this city expressed themselves in positive terms as having no fear of international complications between Japan and Hawaii or the United States growing out of the difference between the first two countries on the immigration question. They belittled the possibility of war over complications that may arise, and attribute such talk to the jingo newspapers.

Spaulding Will Be Indicted.

Chicago, April 30.—The evidence which has been submitted to the grand jury within the last few days in the Globe savings bank matter is at length being shaped to some definite conclusion. It is now probable that indictments will be voted today against Charles W. Spaulding, president of the bank and former treasurer of the University of Illinois, first, for embezzling the funds of the university, and second, for conspiracy to defraud depositors in the Globe savings bank. In the latter charge Edward B. Hayes of Red Oak, Ia., may be joined with Spaulding.

After School Book Trust.

Des Moines, Iowa, April 30.—The house Thursday adopted a resolution by Martin of Adair directing the state superintendent to inform the next legislature about a better method of securing school text-books at reduced prices, and to ascertain of three publishing houses not engaged in publishing school books the cost of producing text-books similar to those in use in Iowa from plates furnished by the state. The insurance conference committee has decided against the valued insurance bill.

General Harrison Too Busy.

Indianapolis, Ind., April 30.—Although there has been much talk of electing General Harrison to be moderator of the General Assembly of the Presbyterian church, to be held at Winona next month, there is not much likelihood that anything will come of it. General Harrison has explained to his friends that his time is too much occupied with his legal work and his writings to admit of his giving the necessary time to prepare for the event.

To Test the Law.

Indianapolis, Ind., April 30.—Thursday John Navin was fined under an old ordinance in the city police court for refusing several days ago to pay more than 3 cents street car fare. Navin appealed to the Circuit court, which held the judgment of the lower court good. The next step was to prepare a transcript and carry the case before the State Supreme court, which was done. A speedy decision is looked for.

Sons of American Revolution.

Cleveland, Ohio, April 30.—The annual convention of the Sons of the American Revolution assembled here today. The most important question that will come before the convention is the proposed union with the rival organization known as the Sons of the Revolution. That subject is likely to be discussed in a vigorous way, and it is impossible to forecast the action.

Will Adjourn May 31.

Lansing, Mich., April 30.—A concurrent resolution was adopted by the house Thursday fixing the date for final adjournment May 31. It also passed the senate concurrent resolution appropriating \$7,500 for a Michigan exhibit at the Tennessee exhibition.

NO TARIFF AGREEMENT YET
Senate Finance Committee Can Come to No Definite Conclusion.

Washington, April 30.—The senate finance committee was in session for an hour Thursday. Four Republicans and four Democrats were present. No conclusion of any kind regarding the tariff bill was reached, although the Republicans said they hoped to be able to report it to the full committee on Monday.

The Republicans asked that a time be fixed for reporting the bill to the senate, but the Democrats would not agree to this, saying they wanted a reasonable time to consider the bill and that there would be no undue delay.

In the senate Mr. Allen introduced a proposed amendment to the tariff bill providing for the abrogation of the Hawaiian reciprocity treaty on July 1, 1898.

Great Britain Is Prosperous.

London, April 30.—The chancellor of the exchequer, Sir Michael Hicks-Beach, read the budget statement in the house of commons Thursday. The balance account for 1896-97 shows the exchequer revenue to be £108,950,000 (\$519,570,000), and the expenditures £101,477,000 (\$507,385,000), leaving a surplus of £2,473,000 (\$12,365,000). The chancellor added that the national debt had been reduced £7,584,000 (\$37,420,000) during the year, and that the total value of British trade during the last financial year was £738,000,000 (\$6,690,000,000), an increase of 5 per cent. The increase in the income tax revenue exceeded the estimate by nearly £3,500,000 (\$17,500,000).

Gen. Miles May Go.

Washington, April 30.—Gen. Miles Thursday afternoon received the formal assent of the president to his projected trip to Turkey and Greece. Gen. Miles will be gone two or three months, as, in addition to making a personal study of the military features of the contest between the Turks and the Greeks, he proposes to inspect the military establishments of the principal European powers, Germany, France and England, and possibly Russia. The result of his observations will be embodied in an official report to the president.

The President Reaches Home.

Washington, April 30.—The President and members of his party from the Grant celebration in New York reached Washington on the Pennsylvania road at 6:18 Thursday night, exactly on time. The President's car was in the rear of the train, for the purpose of avoiding the long walk through the station, where a large number of people had assembled, the party entering their carriages at the end of the train shed. They were driven directly to the White House.

Convention of Catholic Women.

Chicago, April 30.—At the morning session of the convention of Catholic women reports were read and accepted from High Chief Ranger Rodgers, High Secretary Hughes and High Treasurer Christina Hoffman. The report of the secretary showed that the order had more than doubled during the year. The treasurer reported annual receipts \$41,000, payments for death claims amounting to \$30,000, leaving a balance of \$15,000 in the treasury.

Senator Mason Lauds Grant.

Pittsburg, April 30.—The eleventh annual banquet of the American club, at which Senator Mason of Illinois was the principal speaker, was held Thursday night under unusual circumstances. Heretofore the banquets have been held on April 27, the date of Gen. Grant's birth, but on account of the monument dedication in New York Tuesday, the change was made.

Log of the Mayflower.

London, April 30.—At the official residence of the bishop of London the lord chancellor Thursday formally presented to Retiring Ambassador Bayard the original log of the Mayflower, which it was decided some weeks ago to transmit to the keeping of the state of Massachusetts.

Order of Eastern Star.

Indianapolis, Ind., April 30.—The grand chapter of the Order of the Eastern Star, which has been in session here two days, elected the following officers: Grand matron, Mrs. Mamie Conrad, Warsaw; grand patron, C. B. Steman, Fort Wayne.

Vetoes the Curfew Bill.

Lansing, Mich., April 30.—Gov. Pingree vetoed the Donovan curfew bill, which provides for the arrest of children allowed upon the streets after 9 p. m. The governor characterizes the act as interference by the state in matters of purely domestic concern.

Supreme Court Salary Bill.

Springfield, Ill., April 30.—The house Thursday sent the bill increasing salaries of judges of the supreme court to \$7,500 to third reading. Representative Perry of Brown moved to strike out the enacting clause of the bill, but was defeated.

Utah Invites President McKinley.

Salt Lake, Utah, April 30.—A delegation has been chosen by Gov. Wells and the Utah centennial commission to call upon President McKinley and invite him to attend the jubilee celebration for the arrival of the Utah pioneers to be held in July next.

FLOOD AT GUTHRIE
WAS NOT SO BAD
THE FIRST REPORTS WERE EXAGGERATED.

Now That the Work of Rescue Has Begun, Accurate Lists of the Victims Can Be Had—Property Loss, However, Has Been Enormous—Many Are Homeless.

Guthrie, O. T., April 30.—In the flood-stricken valley of the Cottonwood river Thursday was devoted to heroic efforts to rescue those whose lives were still endangered and to relieve the hundreds of destitute and hungry. It seems a certainty that the loss of life in the deluge will not exceed twenty. All day missing people, supposed to have been drowned, were found clinging to bushes or driftwood down the stream, on the west bluffs, or scattered in farm houses for miles.

For miles along the scene of devastation 1,500 people, homeless, half ill from exposure and hunger, passed a miserable night, and morning found most of them too weak to give much assistance either to themselves or to others. The scene in the flood-swept district was one of desolation. The river fell rapidly during the night and when the sun rose the awful extent of the damage done to property could be seen. The river is still bank full, but the water had receded from most of the inundated district.

With the first ray of daylight the work of rescue and relief was taken up with a vengeance and kept up with a tireless energy till nightfall made it impossible to continue. During the night men had been put to work in lumber yards constructing boats, and dawn witnessed a dozen craft darting out from all directions to the rescue of the unfortunates. People who had missing ones began searching everywhere for their bodies. Many of those who had only lost property went up and down the stream trying to recover some of it.

During the day systematic relief was perfected and carried on. Ferries plied across the river, carrying provisions and clothing everywhere, and returning with any injured or urgent cases of distress. Such were carefully cared for in private homes in Guthrie. By nightfall ample arrangements had been made for immediate relief, and there was an assurance of no further suffering, at least for the time being. Five hundred homes had been swept away, 150 houses and 20 stores wrecked, leaving 1,500 people homeless and half as many destitute, and the work of supplying shelter and food for all these was no mean undertaking.

Will Succeed President Angell.

Ann Arbor, Mich., April 30.—The regents have tendered Harry L. Hutchins, dean of the law department, the presidency of the Michigan University during the period of Dr. Angell's absence as minister to Turkey. It has not been stated at what increase in salary Mr. Hutchins will assume the work of acting president, but there will no doubt be an increase. He has been given until May 5 to decide whether or not he will assume the duties of the office. There is no doubt that he will, so his friends think.

Another Spaulding Bank Fall.

Nashua, N. H., April 30.—The New Hampshire Banking Company suspended Thursday afternoon. Solomon Spaulding, father of Charles W. Spaulding, of the defunct Globe Savings Bank of Chicago, is president of the institution. The failure sweeps out of existence almost the last banking house left in the city. The liabilities include a guaranty fund of \$125,000, surplus and interest to the amount of \$34,193.70, and credit balances of \$3,347.92. The total amount is \$1,010,894.15. The assets are \$1,010,895.15.

Must Go to Prison.

New Orleans, April 30.—W. P. Nicholls, ex-president of the Bank of Commerce of this city, who by private speculation caused the collapse of that institution last summer, whereby thousands of dollars were lost by depositors, was convicted in the criminal court of the embezzlement of \$20,000 of the funds. Cashier DeBlanc, who was charged jointly with him was acquitted. The penalty for Nicholls' crime is from one to seven years in the penitentiary.

Anti-Cigarette Bill Passed.

Lansing, Mich., April 30.—The anti-cigarette bill, which aims to prohibit the sale of tobacco in all its forms to persons under seventeen, was passed by the senate Thursday. The house concurred in the amendments, and the bill will now go to the governor, who will sign it. In the senate the bill to reduce the fare on railroads in the upper peninsula from 4 to 3 cents per mile was killed by a vote of 15 to 14. The measure is now beyond resurrection.

Believe the Law Defective.

Mount Vernon, Ill., April 30.—The supreme court consolidation at Springfield is to be further contested. Supreme Clerk J. O. Chance, believing that the law consolidating the courts is unconstitutional, is preparing to refuse to remove his office to Springfield, and says he will not do so until the constitutionality of the law has been legally passed upon.

THE TURKS ATTACK
KING GEORGE'S MEN
GREEK FORCES AT PHARSALA ASSAULTED.

The Defeat at Larissa Followed by Aggressive Movement by the Sultan's Troops—New Cabinet in Power at Athens—Intervention Is at Hand, It Is Believed.

London, April 30.—The Athens correspondent of the Standard says: "The Turkish army, or its advance guard, has followed up the success before Larissa, and at 6 o'clock this evening (Thursday) began an attack in force on the Greek positions at Pharsala." Reports as to the prospects of the intervention of the powers are very conflicting, while the news from the seat of war is very indecisive. It appears that the Turks are preparing simultaneously to attack the Greeks at Pharsala from the east and the west. Already there are rumors that the Greeks find their position untenable, and are preparing to fall back on Thermopylae.

The report from Constantinople by way of Vienna that Osman Pasha is going to Janina with 30,000 additional troops is not confirmed. The courage of the Greek army is reviving. Crown Prince Constantine is visiting the various camps and inspiring confidence and hope.

Athens, April 29, 11 p. m.—The correspondent of the Associated Press says that, according to a dispatch from Pharsala, Gen. Smolenski's brigade has been engaged since 1 o'clock this afternoon in a fierce conflict with a Turkish army corps beyond Vestelino, in the direction of Aivali. A battalion of Evzones and at battery of artillery have been sent to re-enforce the Greeks, whose position appears to be favorable.

Aivali is seven miles southwest of Vestelino and close to the railway connecting that place with Pharsala. It is just midway between Vestelino and the Greek headquarters. The Greeks have captured the magazine at Aivali, with a large quantity of ammunition and 10,000 shells. There have been a number of minor skirmishes along the line.

INTERVENTION LOOKED FOR

Prospect of Early Action to Put an End to the Conflict.

London, April 30.—All the talk now, according to the Daily Mail's Berlin correspondent, is of the intervention of the powers. Even Germany wishes to save Greece from the consequences of defeat, and it is stated in Berlin official circles that the powers will intervene of their own initiative if Greece does not invite them. According to a dispatch from Constantinople to the Lokal Anzeiger, the sultan will accept the following conditions as the basis for peace. The withdrawal of the Greek troops from Crete and the re-establishment of the frontier of 1831. Greece to be excluded from all the advantages of capitulations and to pay indemnity. The Daily Mail's correspondent says the news from Greece continues alarming, and he understands that a Russian ship is lying at Piraeus, the port of Athens, ready to embark the royal family.

The Daily Mail's correspondent at Paris has had an interview with the ambassador of one of the powers of the dreibund who emphatically denied that "any accord" exists between the triple alliance and Turkey. The ambassador declared that not even Germany had entered into a treaty with the sultan. A dispatch to the Daily Mail from Rome says that the powers will oppose, by force if necessary, the blockade or bombardment of Salonica, in view of the damage that would be done to foreign commerce. It is believed in Rome that the new Greek ministry will treat for peace, in the hope of preserving the territorial integrity of Greece.

New Cabinet Is Selected.

Athens, April 30.—The king summoned M. Delyannis, the premier, Thursday and called upon him to tender his resignation. His majesty subsequently intrusted the opposition leaders with the task of forming a cabinet. Following is the official list of the new ministers: Premier and minister of marine, M. Ralli; minister of war, M. Tsamavos; minister of finance, M. Simopoulos; minister of education, M. Carapanos; minister of the interior, M. Teotaki. Demetrius Ralli, the new premier and minister of marine, was the leader of the opposition. He has been minister of justice and minister of the interior, and is well known throughout the country as an able lawyer and orator.

Says Peace Is Concluded.

Rome, April 30.—The Secolo di Milan publishes a dispatch from Athens saying that peace between Turkey and Greece has been concluded.

Spain's Queen Regent Sick.

Madrid, April 30.—Queen Regent, Maria Christina is indisposed. Her majesty is suffering from nervous prostration.

Building and Loan Law Passed.

Springfield, Ill., April 29.—The Baxter bill revising the building and loan association law was passed by the senate.

SEND SOLDIERS TO AFRICA
Great Britain Says the Transvaal Stops the March of Progress.

London, April 30.—Three batteries of field artillery have been ordered to embark for South Africa within a fortnight. Great Britain's last request or demand of the Transvaal was the repeal of the Transvaal immigration law, which demand President Kruger refused. The Birmingham Post, the organ of Joseph Chamberlain, secretary of state for the colonies, in an angry article commenting upon the dispatches, refers to the Transvaal government as shuffling in a position from which it must be ejected by force.

PRESIDENT KRUGER.

mand of the Transvaal was the repeal of the Transvaal immigration law, which demand President Kruger refused. The Birmingham Post, the organ of Joseph Chamberlain, secretary of state for the colonies, in an angry article commenting upon the dispatches, refers to the Transvaal government as shuffling in a position from which it must be ejected by force.

THE GLOBE BANK FAILURE

Ex-Governor Altgeld Explains His Connection with the Institution.

Chicago, April 30.—Ex-Gov. John P. Altgeld made a statement yesterday regarding his connection with the Globe savings bank, his knowledge of Charles W. Spaulding and other matters with which his name has been coupled during the last few weeks. The ex-governor said:

"I never got any benefit, directly or indirectly, from the Globe savings bank. I believed it to be all right in every way. I got into politics in 1892, and, finding that I would be unable to give proper attention to the bank withdrew."

"The idea that I was a very heavy borrower of the Globe savings bank is a mistake. I borrowed of the large banks here during the last ten years. I built six of the largest buildings in Chicago, the Unity block being one of them. During that time I borrowed heavily of most of the large banks in this city."

Mr. Altgeld denied positively that he recommended Spaulding for treasurer of the Illinois university.

Will Go to Cuba.

Danville, Ill., April 30.—W. J. Calhoun has accepted the position of special counsel in the Dr. Ruiz case, and will leave for Cuba Sunday or Monday, going first to Washington to receive his instructions from the secretary of state. He does not expect to be in Cuba more than two or three weeks.

VETOES FOR EIGHT
BY THE GOVERNOR

MEASURES DO NOT MEET HIS APPROVAL.

Wisconsin's Chief Executive Refuses To Sign Bills That Were Irregular or Not In Conformity with the Constitution—Some Other State Dispatches.

Madison, Wis., April 30.—Of the thirty bills in his hands when the legislature adjourned, Gov. Scofield has vetoed eight. The other twenty-two have been filed in the office of the secretary of state. Several of the bills to which the governor refuses approval are important measures over which there was a big fight in the legislature. Among these is Mr. Davidson's bill to require sleeping car companies to pay a license fee of 4 per cent on their gross earnings. The governor vetoed this bill for the reason that the years and nays were not called on its passage in the assembly, as required by the constitution of bills levying a tax. For the same reason the governor vetoed Mr. Davidson's bill for the taxation of express companies, in this case the years and nays not being called in the senate.

Many Vessels in Peril.

Milwaukee, Wis., April 30.—Loss of life and great damage to marine interests along the west shore of Lake Michigan were caused Thursday by the violent northeast gale accompanied by heavy and disagreeable cold rains, which prevailed on the lake since early morning. Vessels were driven ashore at Sheboygan and Two Rivers and the life saving crews were called out at these and other points to rescue navigators. Vessels are having a hard time of it all along the west shore, and many casualties are feared, as the turbulent waters show no signs of abating.

Hotels Burned at Milwaukee.

Milwaukee, Wis., April 30.—Fire destroyed the Schmidt hotel, a four story building at 123 Huron street, at 3:30 o'clock Thursday morning. The building was badly damaged. About two hours later the fire department was called to Mineral Spring Park hotel, a popular resort near Riverside park. The hotel was completely destroyed.

TWO KILLED; FIVE INJURED

Kanawha Valley Sawmill Wrecked by Boiler Explosion.

Pittsburg, April 29.—A boiler explosion at Alderman's sawmill in the Kanawha Valley, West Virginia, last night killed two men and seriously injured five more. The killed are:

PERRY DEEVERS.

GEORGE CONLEY.

Injured:

Z. W. Hickman.

Thomas Hickman.

William Balton.

Vinton Alderman.

John McCauley.

The three first named will probably die. The mill was badly wrecked and the loss will be heavy.

SOUTHERN HEROES HONORED

Monument to Confederate Generals and Privates Unveiled.

Dallas, Tex., April 30.—The Confederate monument erected through the efforts of the Daughters of the Confederacy of Dallas was unveiled Thursday. Jeff Davis pulled the cord that unveiled the form of his grandfather, Lucy Hayes did the same for Robert Lee, while a little granddaughter of Stonewall Jackson completed the unveiling by pulling the cords which removed the veils from the statues of Jackson and Johnston.

Illinois Libel Law Amended.

Springfield, Ill., April 30.—According to present prospects the new libel bill will pass the senate next Tuesday. As soon as that body met to-day the bill was taken up, read a second time and sent to third reading without a dissenting vote. In order to make it more binding Senator Mahoney offered an amendment specifically repealing the act passed two years ago, which was adopted. Senator Hamilton secured the adoption of an amendment which will, in a measure, protect newspapers and other defendants in libel cases from blackmailing and malicious persecution. The bill was made a special order for next Tuesday, when, it is believed, it will pass.

Thinks Sheldon Has Absconded.

Chicago, April 30.—Sheriff Ireland of Iroquois county, who has been in Chicago in search of a clew to the whereabouts of John S. Sheldon, the missing banker of Loda, returned to Watseka last night no wiser than when he came to the city. Sheriff Ireland held to the suicide theory until he learned that none of the \$900 Sheldon drew from the First National bank had been received in Loda. Now he joins in the general opinion that Sheldon has absconded.

Transvaal to Make Reply.

Pretoria, April 30.—The Transvaal government is busy drafting full replies to the recent dispatches of Mr. Chamberlain, the British secretary of state for the colonies, and it is understood that these will raise several sharp issues.

PLAN TO INCORPORATE MILTON JUNCTION

PRELIMINARY STEPS ARE NOW BEING TAKEN.

The College Alumni Are To Meet—Basket Ball Game Results in the Defeat of the Milton College Ladies' Team—Some News of the Junction.

THE GAZETTE AGENCY, W. W. CLARK, Manager, Milton, Wis., April 29, 1897.

We learn that some of the leading citizens of Milton Junction are taking the preliminary steps for the incorporation of that village. This is a laudable proceeding on their part and we trust that no person in this place will in any way oppose the movement, as it is a matter in which, in our judgment, they are not interested.

A meeting of college alumni will be held at the home of Dr. Platis this (Saturday) evening at 7:30. Plans for making the coming session of the Alumni Association to be held in connection with commencement exercises both interesting and attractive to old students and friends of the college will be discussed. A full attendance is requested.

Last evening the ladies' basket ball team of the college drove to Fort Atkinson through the rain and mud and played a game at the city hall with the Fort Atkinson ladies, the latter winning by a score of 22 to 6. The players from here were Misses Jessie and Susan Davis, Bessie Clarke, Nellie Crandall, Leona Davidson, Alice Holmes and Leo Coon. York Place officiated as referee.

Owing to the unfavorable weather there was no observance of Arbor Day by the teachers and pupils of the public school.

F. O. Ugan, of Dean Ross & Co., has been on the sick list this week.

Rev. C. E. Carpenter attended a M. E. ministerial conference at Fort Atkinson, Monday and Tuesday.

Rev. Geo. B. Shaw, of Nile, N. Y., who graduated from Milton college in the class of '91, has accepted the pastorate of the Seventh-day Baptist church in New York city.

M. E. Austin of Janesville, visited Milton friends Tuesday.

Rev. H. D. Clarke, of Dodge Center, Minn., visited his daughters, who are students in the college, this week.

B. W. Maxson has moved into his recent purchase on College street, a much handier residence to his business.

We hear no complaints about a drought in this locality.

Mrs. H. H. Waterman, who has been spending some weeks with her daughter, Mrs. Crosby, at Minneapolis, is at home. Mrs. Crosby has so far recovered from her recent illness as to be able to ride out.

George Batten of Chicago, has been the guest of Dr. J. M. Stillman, this week.

W. B. Magoon is now a resident of this village, having moved into the Clark house on Madison avenue.

Altogether too much water to the acre in this section of the country.

Mr. and Mrs. Ezra Crandall visited with relatives at Fort Atkinson this week.

Whitford & Rood sold a Crescent racer and a Crescent roadster Tuesday. Ernest Bond rides the former and George Jackson the latter.

Rev. Frank C. Haddock at one time pastor of the M. E. church in this village, is now in charge of the Eighteenth Street Methodist church of Brooklyn, N. Y.

Robert Arnold, of Janesville, was in the village Wednesday.

Mrs. Asa Cole Davidson left Tuesday for Ashland where she is residing. She will wed John Cole, a wood and coal dealer of that city, who formerly resided here.

Rev. S. H. Babcock has gone to Trenton, Minn., where he will engage in revival work.

Large invoices of garden seeds from Congressman Cooper have been distributed to his Milton constituents this week through the postoffice, Pres. Whitford and W. W. Clarke.

MORE ABOUT "F. F. STRONG."

Dispatch Concerning the Alleged Janesville Man at New York City.

A dispatch from New York says: "Relatives of H. Bruneau Reynolds, who was found dead in his room at the Gilsey house on Tuesday afternoon, called at the morgue today and identified the remains. Reynolds registered at the Gilsey house on Monday last as F. F. Strong, Janesville, Wis. He had relatives residing at Factoryville, Pa. Whether Reynolds committed suicide or not has not been determined."

In the man's right hand, when found, was clutched a hypodermic syringe and in his left a bottle which evidently contained morphine. The needle which goes with the syringe was lying on the floor.

His clothing was well made and of good material, and the initials "H. B. R." were printed on every article. There were a lot of Philadelphia addresses in a note book and also an entry of what was evidently intended for a prescription—"arsenic, morphia, cocaine, aristol; to make a thick paste."

Visiting cards bearing the name of H. Bruneau Reynolds were also found in one of the pockets.

THE OVERFLOW OF LOCAL NEWS.

THE FORESTRY LAW IN FORCE.

A Start in Wisconsin for the Preservation and Extension of Forests.

The passage of Assemblyman Niss' Forestry bill marks a start in Wisconsin toward the preservation of forests. Under Gov. Scofield will appoint three commissioners to report a plan for the organization of a forestry department, which shall manage such state lands as may be suitable for timber cultivation and preservation. This plan is to provide for the classification of the lands now owned by the state and the reservation to the state of all lands which are better fitted for the growing of timber than for agricultural purposes; the purchase of similar lands abandoned by their owners or struck off to counties for unpaid taxes; the management of the forests existing on such land according to principles of scientific forestry; replanting of forests on such lands, as far as they have been denuded of their timber, etc. They are to "aim at devising the best means by which the forest resources of the state can be utilized for the people and preserved for future generations without retarding the development of the agricultural, manufacturing and mining industries; shall have regard to the influence which the maintaining of forests has upon the climate and water supply of the state; and shall draw up a plan by which the Forestry department may be from the first self-supporting and in time become a source of revenue to the state."

The report of the commissioners is to be submitted to the legislature at its next regular session in the form of a bill or bills. The said commissioners are to receive no compensation for their services, but are entitled to their actual and necessary expenses, including clerk hire, which expenses and clerk hire shall not, in the aggregate, exceed \$250.

GOWER, ADELBERT GOWER, LEWIS GOWER, M. M. GOWER.

The Blind Pianist.

Signor Arturo Nutini, the blind pianist, whose concerts are a feature of the current musical season, is a notable exemplification of that equitable law of nature by which the power withheld from one sense is transferred in double measure to another faculty in the same individual. The result is what we generally term genius. A genius among musicians Signor Nutini certainly is. Born in Florence, Italy, some thirty-three years ago, and having become totally blind at the age of nine months, this young man has not spent his life in darkness, idleness, nor dreariness. At a very early age he evinced such talent that soon he was beyond his masters. His study and his playing are accomplished on a purely scientific and technical basis. Though totally blind, he plays the most difficult rhapsodies of Liszt, sonatas of Beethoven, and later classical compositions of modern masters with ease, accuracy, and wonderful expression. The marvelous part is that he learns all these compositions from the notes. Paderewski and his contemporaries play Liszt's "Hungarian Rhapsody" No. 6, one of the most difficult of all compositions to execute, in a transposed key, generally that of one flat. This blind musician plays it in the original key, six sharps. Signor Nutini has a little

ARTURO NUTINI.

machine, consisting of a flat metal board in which there are tiny grooves, over which he fits a sheet of thick paper, and by the aid of a little ruler and awl, perforates all his music in a manner peculiar to himself, as his interpreter sits beside him and reads it from the regular staff. There is no music too difficult, no time too intricate, for him to copy in this manner. To an ordinary observer this music looks no more than a few raised pin-heads on paper. His memory is so retentive that often after once copying a composition he can sit down and play it without first running his sensitive fingers over the perforations.

South Dakota in Springtime

Is clothed with verdure green and spotted with beautiful blue and white prairie flowers tokens of luxuriant soil like that fair country to which Moses led the children of Israel in ancient times.

And like unto that land of plenty, South Dakota outrivals its sister states of the east in the products of its soil, sown, cultivated and harvested in less time and with greater ease than in any other portion of the United States.

And so we say unto you that now is the opportunity of a lifetime to "Go west and buy a farm." For descriptive lists and prices, address Geo. H. Heafford, G. P. A., Chicago, Ill.

DOCTORS HAD GIVEN HER UP.

A Convincing Letter From One of Mrs. Pinkham's Admirers.

No woman can look fresh and fair who is suffering from displacement of the womb. It is ridiculous to suppose that such a difficulty can be cured by an artificial support like a pessary.

Artificial supports make matters worse, for they take away all the chance of the ligaments recovering their vigor and tone. Use strengthens; the ligaments have a work to do.

If they grow flabby and refuse to hold the womb in place, there is but one remedy, and that is to strengthen their fibres and draw the cords back into their normal condition, thus righting the position of the womb.

Lydia E. Pinkham's Vegetable Compound is designed especially for this purpose, and, taken in connection with her Sanative Wash, applied locally, will tone up the uterine system, strengthening the cords or ligaments which hold up the womb.

Any woman who suspects that she has this trouble—and she will know it by a dragging weight in the lower abdomen, irritability of the bladder and rectum, great fatigue in walking, and leucorrhoea—should promptly commence the use of Lydia E. Pinkham's Vegetable Compound. If the case is stubborn, write to Mrs. Pinkham, Lynn, Mass., stating freely all symptoms. You will receive a prompt letter of advice free of charge. All letters are read and answered by women only. The following letter relates to an unusually severe case of displacement of the womb, which was cured by the Pinkham remedies. Surely it is convincing:

"Lydia E. Pinkham's Vegetable Compound and Blood Purifier cured me when the doctors had given me up. I had spent hundreds of dollars searching for a cure, but found little or no relief until I began the Pinkham remedies. I had falling and displacement of the womb so badly that for two years I could not walk across the floor. I also had profuse menstruation, kidney, liver, and stomach trouble. The doctors said my case was hopeless. I had taken only four bottles of the Vegetable Compound and one of the Blood Purifier when I felt like a new person. I am now cured, much to the surprise of my friends, for they all gave me up to die. Now many of my lady friends are using Lydia E. Pinkham's Vegetable Compound through my recommendation, and are regaining health. It has also cured my little son of kidney trouble. I would advise every suffering woman in the land to write to Mrs. Pinkham for aid."—MRS. EMMA PANGBORN, Alanson, Mich.

NOT FRIGHTENED BY CLAMOR.

It is proved beyond a doubt that the spoils system flourished extensively during the last four years, in spite of mealy-mouthed protestations from some of Mr. Cleveland's supporters.

The treasury department used it without shame or concealment. The other departments while more circumspect reached the same result by quiet schemes of deception.

Republicans do not propose to put up with any sham in this matter. Civil service reform does not mean a life tenure for democratic spoilsmen who have walked in through Mr. Carlisle's open door, or through the back doors of the other departments. Civil service reform presupposes tested capacity, and democratic heelers who imagine that they are fixed for life by Mr. Cleveland's order, affecting tens of thousands of office holders, and issued at the beginning of a republican administration, may at least prepare themselves to have their claims and standing looked into.

There is no reason why the spoilsman, admitted through a back-alley, should be protected by the law he has over ridden. Republicans do not intend that he shall. Civil service convention by such schemers as Logan Carlisle is what the republicans are investigating, and the epithets hurled at them, in the name of civil service reform, will only make them more determined to probe a system of deception to the bottom.

Several meritorious measures were among the eight vetoed by Governor Scofield and the governor explains that he would have been very glad to sign them had they been presented in proper form. For example Wisconsin might have had a law taxing sleeping car companies and increasing the tax on express companies had the legislature acted in the manner prescribed by law. The governor's veto gives law makers a chance to correct their mistakes and may save the state heavy costs.

A Mexican silver dollar is worth four cents less than it was during the last presidential campaign, a depreciation of 8 per cent. in less than six months. W. J. Bryan, the apostle of the Mexican dollar has depreciated much more, however, while wheat and common honesty have been rising steadily.

The Milwaukee Sentinel's notion of economy in state affairs seems to be to add a purchasing agent and a couple of auxiliary members to all the present state boards. The Sentinel's real grievance, however, is that nobody watches admiringly as it teeters on the top rail of the political fence.

Janesville will have reason to be proud of the body of men drawn together by the Grand Lodge Knights of Pythias next month.

The Cross and the Crescent have been met in battle for centuries, but never before has Germany stood for the Crescent.

His Reason.

"We cannot understand," said the spokesman to the sheriff, "why it is that you have recommended the pardon of this man. Do you think him innocent?"

"No."

"Do you think he would reform if given his liberty?"

"No."

"Then why have you—"

"Oh, I want to get rid of him," broke in the sheriff. "He has too big an appetite."

Then it was that they recalled that this was one of the sheriffs who are given so much a day for detaining the prisoners and make a good thing out of it.

CHICAGO MARKETS BY WIRE

Chicago, April 30—[Special]—Liquidation had been anticipated and our wheat market has ruled firm barring few weak spots. We have buyers arranging to pay for a lot of grain tomorrow if received by us. If only a small fraction of the commission firms would pay for some of the May contract there would not be grain enough to go around but most of them are as afraid of cash wheat as of a case of small pox. Cash wheat will be wanted some day and in July it will be wanted worse than in May and July wheat some day will sell way above September. There can be no question about that, unless wheat advances on war news, in which case legitimate considerations will be suspended for a time. The receipts in the northwest continue very large and fully justify an opinion five months ago against everybody. Receipts in the west will continue large and will increase after harvest, so there will be no scarcity, but Minneapolis will have a good stock of wheat on hand September 1. New York reports some considerable export business done today but we do not see how any wheat can be exported when there is none to be had. It must be that they are buying it in India or here. They cannot buy it a y where else.

Our crop reporter is still in Ohio and writes as follows: Average condition of wheat along line of road from Columbus to prospect in southern part of Marion county, eighty. All through Delaware county it is a very poor wheat country. In vicinity of Marion, Marion county and Morrisfield, Richland county, where I drove out about ten miles from each place I found the average condition of wheat about 90. I saw a few fine fields damaged by fly last fall, but only in spots. Could find no trace of them yet. acreage in these two counties seems to be full average from all I could learn. The whole list was a good deal firmer than was expected and we look for an upturn.

The Chief Mourner.

"Ah-h-h!" tentatively hawked the pale young clergyman, recently from the east, who was officiating at the funeral of the late Billous Pete, and was surprised to see that no one present seemed to show any grief for the departed. Is there—ah—anyone here who mourns the deceased?"

"I do!" promptly spoke up old man Cusack. "The deceased stole my best horse, and the boys lynched him before he had time to tell what he'd done with the critter."—N. Y. World.

What He Desired.

"You know," she said, with a little asperity, "that women have the reputation of being able to make money go further than men."

"That's true," replied the man of small economies, "and it's just what I object to. What I want them to do is to let it keep still where it is and rest a little now and then."—Washington Star.

FACTS WITH POINTS.

Every One of These Statements Absolutely True.

Mr. A. W. Sharper, 61 Prospect St., Indianapolis, Ind., says: "Gratitude prompts me to write that Stuart's Dyspepsia Tablets completely cured me of Nervous Dyspepsia from which I had suffered for the last four years. I had tried many remedies without results, but am now cured and have gained in flesh, sleep well and have none but words of praise for Stuart's Tablets."

Mrs. Sarah A. Skeels, Lynville, Iowa: "It has been six months since I took Stuart's Dyspepsia Tablets and am fully cured. Have not had a particle of distress or difficulty since. This is in the face of the fact that I had suffered from stomach trouble for twenty-five years and was pronounced incurable by the doctors."

James Newmester, Eau Claire, Wis., says: "Two 50 cent packages of Stuart's Dyspepsia Tablets did me more good than any remedy I had ever before tried. They hit the spot with me and I once more have an appetite and can eat what I please without fear of distress and bloating afterward."

Dr. Harlandson relates the case of Miss Helen Sholes, of Nashville, who was cured of dyspepsia and gained 18 pounds in weight after suffering from stomach trouble for eight years. The doctor uses them in all stomach troubles because they are not a secret patent medicine, but contain pure pepsin, Diastase, fruit acids and valuable digestives, which digest the food whether the stomach works or not, gives it the needed rest and a cure is the natural result.

Dr. Jennison says nine-tenths of disease is caused by indigestion and Stuart's Dyspepsia Tablets is the safest and best cure, because they are not a secret patent medicine, but contain the valuable digestive principles needed by every weak stomach and a whole box would not hurt a child, being absolutely harmless.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents per package.

Send to Stuart Co., Marshall, Mich., for little book on symptoms and treatment of stomach troubles.

SUIT FOR A QUARTER KEPT COURT BUSY

AND IN THE END IT HAD TO BE PAID.

J. W. Carpenter Can Collect His Bill, Justice Richardson Says, and the Debtor Must Pay the Costs—Beloit Bondsmen Are Sued—She Wants a Divorce.

Ex-Mayor A. L. White of Mineral Point, made a trip to this city this week and spent two days here to try a lawsuit that involved but 25 cents.

John W. Carpenter, sued Charles Kruse to collect a wood bill amounting to \$3.88. To this bill 25 cents interest was added and it was over the interest that the suit was begun. Kruse admitted that he owed the bill, but he objected to paying the interest. He fought the claim on that ground, and hired Ex-Mayor White to represent him. The trial was held in Justice Richardson's court, and judgment was given in favor of Mr. Carpenter for \$6.09, which sum included the costs in the case.

Suit Against Bondsmen.

In Judge Sale's court, George H. Cram and William Hamlin, both prominent Beloit merchants, are defendants in an interesting case that involves \$800, the New York Life Insurance company being the plaintiff. As bondsmen Messrs. Cram and Hamlin are now being sued to recover an alleged claim that the insurance company charges is due them from one of their agents, Edwin Loomis.

The insurance company a few years ago appointed David H. Rust, a former resident of this city, but now deceased, as their general agent for the section of Wisconsin. Mr. Rust then appointed a number of sub-agents and among them was Edwin Loomis, then a resident of Beloit.

Is a Misunderstanding.

Mr. Loomis secured bondsmen in the sum of \$1,000. George H. Cram, the shoe man, and William Hamlin, the jeweler, of Beloit, signing the bond. It is now claimed that when Agent Loomis and the insurance company settled up that \$800 was due the company. This fact Mr. Loomis—who is now a resident of Chicago—does not deny but while the company claim that he overdraw his salary to that amount, it is also claimed that the sum was advanced to him on policies. Judge Sale will therefore decide the point for them. The defendants have secured the services of Jackson & Jackson; the plaintiff is represented by Ruger & Norcross.

She Seeks a Divorce.

Mrs. Emma Whitelett of Evansville, says her husband treats her in a cruel and inhuman manner, thus making her life miserable. For this reason, Mrs. Whitelett commenced suit today, through her attorney, E. D. McGowan, for divorce. When the case came before Judge Bennett this morning, the court allowed her suit money to the amount of \$47. The defendant is a railroad man, and both are well known.

ELECTION ROW AT EAST TROY

Attorney M. G. Jeffris is Retained to Begin Legal Proceedings.

At the town meeting in East Troy, on April 6, there was a close and acrimonious contest for town officers. When the polls were closed and ballots counted, it was announced that F. L. Fraser had 207 votes for chairman and Dr. Canright 206. It is said that a re-count was demanded and refused and that at the close after the announcement, Mr. Fraser who was chairman of the board sealed the box, had persons present write their names thereon and took the box away, although as some state, it was demanded of him by the town clerk, W. S. Keats and afterwards by Deputy Sheriff A. J. Noblet. Attorney M. G. Jeffris has the case in charge and legal proceeding will be begun.

MAY REOPEN CARROLL CASE

General Doe Seeks to Revive Action Against Local Attorneys.

The Elkhorn Independent says: "Gen. Joe Doe, ex-assistant secretary of war, was in Elkhorn, Monday, looking at the papers in Clerk of the Court Morgan's possession, in the case of Philip Carroll vs. Fethers, Jeffris and Fifeid.

"The case had commenced three years ago, and had dragged along until last term when Judge Fish dismissed it. General Doe was here to examine and try to present arguments to the judge to have the case reinstated."

LEAF MEN HOLD ON TO ALL THE CROPS

DEALERS THINK THE PRICE WILL ADVANCE.

Twice as Many Deals Could Have Been Consummated, if Owners Would Accept Current Prices—Season Is Backward, But Fine Weather Will Right Things Quickly.

All is quiet among the tobacco warehouses and it has been several months since there has been so little business done in this market, The Leaf Says. A peculiar condition exists at present. Generally, tobacco men are willing to sell at current prices, but not so at present. Double the sales that were made could have been consummated, had the holders accepted prices that would have been eagerly accepted six months ago, but the feeling is generally prevalent that prices are bound to go up, and consequently it is thought that more money can be made by holding on for a while, than in selling at present prices.

Among the transactions reported are: 60 cases '96 sold by J. A. Ryan; 75 cases 'export bought' by A. N. Jones; 35 cases old sold and 20 000 pounds of '96 bought by S. B. Heddles; 40 cases '96 sold by N. J. Casey; 14 cases sold by A. L. Fisher, and several lots of old bought by T. E. Welsh. Several others have made small purchases of the farmers.

It has been several years since we have had so cold, wet and backward a spring as we have this year. Nearly every other day we have had a cold rain preventing seed sowing, or retarding the growth of what has been sown. A heavy frost about a week ago seriously damaged a few of the earliest sown beds that were not properly covered. Most of the seed has been sown and a few days of warm weather will start the new crop well on its way.

The Edgerton Market.

The Edgerton Reporter says: "Local tobacco markets are affected a great deal by the same influences that are stagnating the seed leaf markets in the east and business is slackening down all along the line. Trading from first hands has about ceased altogether and transactions are almost entirely confined to packers. Shuman & Stewart report the purchase of dealers and growers about 300 cases for the week and the sale of 250, cases of old goods. C. L. Culton has sold 160 cases of '94 to a local packer. A half dozen warehouses are still handling bundled goods and the work will continue for a time yet.

The weather continues backward, though frequent rains have fallen during the week. The plant beds for the new crop are all laid.

The shipments from this station for this week do not exceed 300 cases to all points. About 950 cases of cigar leaf were exported from New York since our last report.

HE KNOWS THE LUCKY WORD

Milton A. McRae Tells the Secret of Success in Newspaper Publishing.

That Milton A. McRae, of the Scripps-McRae League, has a genius for the business end of journalism, is beginning to be perceived by the newspaper men of America. He has, to a remarkable degree, the "get there" quality. "Is there no one word," said Mr. McRae recently to a man interested in newspaper matters, "is there no one word that impresses itself upon you in connection with daily papers, and successes?" "A compound word," said the listener—"one-cent." "Yes," said Mr. McRae, "that word has an application, too, but it was not the one I had in mind." "And what had you in mind?" Mr. McRae's reply was expressed in one word—"evening."

JOHN HOTH IS SET FREE.

Court Commissioner Discharges a Man Who Was Charged With Murder.

Mauston Wis., April 30.—[Special]—The examination of John Hoth, charged with the murder of Walter F. Goodell, closed last evening, the commissioner discharging the prisoner. The examination was held before H. W. Barry, court commissioner. Nearly sixty witnesses testified in the case. On the morning of August 24, 1894, Goodell was found by the side of the railway track by car repairer at Elroy, in an unconscious condition with two cuts and bruises on his head. He lingered two weeks without recovering consciousness and then died. He was seen in the company of Hoth late the evening proceeding on which he was found.

This Is May Party Night.

The annual May party of the Brotherhood of Locomotive Engineers and Firemen takes place at Armory this evening. Smith's full orchestra will furnish the same delightful music for which they have such a reputation and merry dancers will enjoy an evening such as only the Brotherhood parties are found to be. Supper will be served at the Opera House restaurant for 75 cents a couple. Don't fail to attend.

Freight Wreck in Ohio.

Bellaire, Ohio, April 30.—A terrible accident happened about 3 o'clock Thursday afternoon, at Carpenter's Station, a few miles north of this city, on the Wheeling & Lake Erie railway, by which James Garsler, the engineer, of Norwalk, Ohio, was killed; Edward Munn, fireman, fatally injured, and C. E. Keyser, brakeman, badly hurt. As the second section of freight train No. 67, a double header, west-bound, was passing over the bridge at the above-named place it gave way, and the second engine and sixteen cars fell to the creek below, a distance of forty-five feet.

GOLDBERG CASE IN COURT.

Milwaukee Lawyer Denies the Charges in the Waupaca Court.

Waupaca, Wis., April 30.—[Special]—Benjamin Goldberg who is charged with improper practice as a lawyer, appeared in court this forenoon and answered five supplementary charges filed against him. He entered general denial. George Hoxie and John Teitz, who were arrested yesterday on the charge of attempting to bribe one of the witnesses for the state were taken before Judge Hatch but the examination was postponed until Saturday May 8. The defendants were allowed to go on their own bonds for \$250.

ARBOR DAY IN THE SCHOOLS

Exercises Were Held in All Department Today

Arbor day exercises were held in all the public schools today. In each department the governor's proclamation was read, and the scholars presented programs. In the High school, the regular routine of work was followed, with the exception of the reading of the proclamation by Prof. Mayne, who also made a few remarks on the subject.

The outdoor exercises—clearing up the school grounds, etc., will be held one week from today.

H. S. M'GIFFIN THE WINNER.

Recommended by the President As the Next Postmaster.

The Edgerton postoffice was sought by a half dozen candidates, and so lively was the war carried on that one of the candidates, C. R. Bentley, went to Washington with the avowed purpose of remaining until he should secure the place. The fight was settled yesterday by the filing of the recommendation for the appointment of H. S. McGiffin.

A BELT SENT IN THE ALARM.

Bells Rang Although There Were No Flames To Fight.

A belt in the engine room at the Thoroughgood and Company cigar box factory "jumped its trolley" at 10 o'clock this morning, and after making several revolutions through the air, landed with much force against the private fire alarm box, sending in an alarm. The department responded, but found no fire.

THE VALLEY OF THE SHADOW.

Severign C. Jacobson.

Severign C. Jacobson, formerly of this city, died this morning at the home of his son-in-law, Charles Emmons, of Chicago, aged seventy-five years. The remains will arrive in Janesville on the 12:40 p. m. train tomorrow, and the funeral will be held from the Norwegian Lutheran church at 2 o'clock.

Mr. Jacobson was a tailor by trade, and resided in this city for many years, living on Caroline street, in the Second ward.

does it pay to buy cheap wheels? All the way from \$35 wheels up our stock satisfies us this year. We believe we have the best \$35 wheel, the best \$40 wheel, and by far the best \$50, (nothing in the market compares with the Crescent at that price). We have always thought that the Victor at \$100 however, was big measure; pressed down and running over, and now that we are able to sell new 1896 Victors at \$65, we recommend them above any wheel in our line.

In buying a \$100 wheel you pay something for being up to date—for having the latest fashion in hubs, seat clusters and choice adjustments. When you pay \$65 for a new 1896 Victor you get the famous Victor bearings, Victor tubing, Victor joints Victor finish, Victor quality and profit by the saving that the use of the same machinery for two years makes possible. REV. GEO. R. CROOKS.

HE WAS A PREACHER OF THE GOOD OLD SCHOOL.

Also a Writer of Great Ability—By His Death Methodism Has Lost One of Its Greatest Apostles in the United States.

HE Drew Theological seminary at Madison, New Jersey, the Methodist Episcopal church, and all representatives of higher culture have sustained loss through the decease of Rev. George R. Crooks, D.D., LL.D. Born at Philadelphia in 1822, matriculated at Dickinson college in 1835, and graduating therefrom in 1840, he began his itinerant ministry in Illinois—where he had spent one of the intermediate years—in 1841. Recalled in autumn of the same year to his alma mater, he rendered excellent service as tutor, principal of the grammar school, and adjunct professor of Latin and Greek for seven years. Practice in the last mentioned relation suggested preparation—in connection with Dr. John McClintock—of an Ollendorffian series of grammars and readers in 1846; and in association with Professor A. J. Schem the publication of a Latin-English school lexicon, on the basis of C. F. Ingwerslev's German-Latin lexicon. Following these volumes was an annotated edition, with skillful analysis, of Butler's Analogy, left unfinished by President Robert Emory of Dickinson. Admitted to the Philadelphia conference in 1843, transferred to the New York east conference in 1857, and to the New York conference in 1876, he filled many pulpits of rural and urban churches in succession. Literary work and ministerial work went hand in hand. In 1876 he compiled the Life and Letters of the Rev. John McClintock,

REV. GEO. R. CROOKS.

D.D., his friend and collaborator, and after that the Life of Bishop Matthew Simpson, whose eloquent sermons he subsequently edited. Elected to the chair of Historical Theology at Madison in 1880, he filled it, save for a brief interval, with acceptability and efficiency to the day of his death. Labor therein was punctuated by frequent contributions—in which Christian ethics were applied to current affairs—to the Harper Brother's publications, the New York Tribune, the religious press and church libraries. These libraries profited by his production—in connection with Bishop John F. Hurst—of a portly and valuable volume on Theological Encyclopedia and Methodology. For the authorship of his History of Christian Doctrine Professor Crooks was excellently qualified by wide and varied reading, critical acumen, ripe and rare scholarship, and philosophic appreciation of the interplay of religious and political forces. Not less practical than projective, Dr. Crooks originated the idea and observance of Children's day in the Methodist Episcopal church; and also the creation of the Sunday school children's fund "to assist meritorious Sunday school scholars who would, without such aid, be unable to obtain a complete education." This fund now amounts to about a quarter million dollars. Hearers of the Gospel seeking sense rather than sound, and preferring pure ethical spirituality to mere rhetoric, forgot the peculiarities of pulpit education in enjoyment of the delicious and wholesome repasts elaborated for them, adds a writer in Harpers' Weekly. Depth and force of conviction, intensity of eloquent appeal, and utter fearlessness characterized all deliverances on most questions in the policy of his own branch of the one church of God. Naturally and purposefully he assumed leadership in ecclesiastical affairs. That portentous modification of the Methodist Episcopal constitution by which laymen were admitted to membership in the general conference—the supreme legislative and judicial assembly of the church—effected at Brooklyn, New York, in 1872, was largely of his devising. To give the device effect he accepted in 1860, and held for fifteen years, editorial charge of the Methodist, an able and excellent newspaper devoted to the proposed reform.

The Blessing of Strong Nerves

1. recoverable, not by the use of mineral sedatives, but by a recourse to effectual tonic treatment. Opium and the like should only be used as auxiliaries, and then as sparingly as possible. Vigorous nerves are quiet ones, and the most direct way to render them so is to reinforce the vital energies. That sterling, invigorant, Hostetter's Stomach Bitters, will be found entirely sufficient for this purpose, since it entirely removes impediments to thorough digestion and assimilation of food, so that the body is insured its due amount of nourishment, and consequently of stamina. Rheumatic tendencies and all affections of the kidneys and bladder are also counteracted by the Bitters, which is besides a thorough medicinal stimulant, infinitely purer than the raw exalts of commerce, which react injuriously on the nervous system.

ARE WOMEN LOVELY?

A German Baron Says That They Are Not.

A German baron has taken it upon himself to reply to a book recently published with the title of "The Deterioration of Manly Beauty." This work was written by a woman, and the baron replies with a savage onslaught on prevailing ideals of female loveliness, says an exchange. He calls his work "Defects of Woman's Beauty: an Anthropometrical and Aesthetic Study." This dignified title hardly prepares the reader for the strong, unvarnished manner in which the baron treats his subject. He agrees with Schopenhauer in his denunciation of those misguided millions who find comeliness in the "undergrown, small-shouldered, big-hipped and short-legged sex." How much more grateful to the clear eye of art should be the noble proportions of the properly developed man, argues the baron. By numerous measurements, which it is not necessary to give here, he proves to his own satisfaction that geometrically the female is a failure and that the male form is a success. Women themselves have shown since the days of Eve in the garden, the baron says, that they appreciate their inferiority in this respect. They have concealed their limbs in flowing garments, reaching sometimes to the knee, sometimes to the ankles, sometimes to the feet, but always far enough to hide the defects in their proportions. They now not only conceal their proportions to a large extent, he says, but they always seek to alter them, moving their waist up or down with stays, squeezing in their natural figures here and building them out there, and not scorning hoopskirts, bustles and crinoline in order to make themselves look as little as possible like nature made them. The ballet girl would seem to confound part of the baron's argument, but he does not yield to this apparent defiance of his logic. The baron seems to feel that, after he has put forth his most forcible arguments and has exhausted his most discriminating criticisms, he is still enlisted in a losing fight, for he adds plaintively: "But most of the men of our times have ceased to perceive the defects of female beauty. Woman has deceived and misled her admirers so many generations with her smooth, long gowns that only a few, educated by research and by constant practice in measuring the proportions of the female form, fully clothed, have gained that clear, unbiased view which enables them to appreciate how skillfully woman has carried out the delusion as to her figure."

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale at C. D. Stevens' Pharmacy, corner Main and Milwaukee streets.

Two years ago, R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. NEWS OF THE WARDROBE.

Flower Toques—Violets, Roses, Poppies and Hollyhocks—Fancy Capes.

Capes and jackets are both worn, and beside these, there are small wraps, intermediate between the two and partaking of the character of both. They are fitted at the back and in front and are with or without ends; generally black and trimmed with platings of mousseline de soie.

Small toques composed entirely of flowers are to be much worn. Violets are the favorite flowers and may be had in all shades from white to deep purple. Roses are always in vogue, while at present poppies, hollyhocks and other flowers with

NEW HAT.

large petals have a vogue. Red and purple flowers in combination are a fancy of the moment, and a very ugly one.

Short capes, very light, fluffy and becoming, are a feature of the summer wardrobe. They are trimmed with ruffles, plaiting and ribbons, and the neck has an elaborate collar. These capes may be made of a simple flounce of lace over silk, with a ruche around the edge and at the neck, but of course there are more complex ones for longer purses. Elaboration does not invariably mean greater good taste and becomingness, however, which is a consolation to women of moderate means who are obliged to dress well and keep moderately up to date in matters of the wardrobe.

Very little boys still wear the one piece frock, with or without plaits, the belt buttoning in front or at the side. There are revers of embroidery and a wide collar. For boys somewhat older the various styles of sailor suit are favored.

Veils with a ruffle around the edge, or with an embroidered border, are often worn by women who can afford to indulge in the vagaries of fashion, but all vagaries are not pleasing, and if the wearers of these bordered veils only realized that the effect of the thickness at the lower edge is that of a reasonably heavy beard, they would abandon the questionable luxuries at once.

A picture is given of a pretty hat of white straw. It is trimmed with lace spangled with steel and white ostrich plumes. The latter are fastened in place by two large cabochons of crystal and emerald.

SUMMER STYLES.

Black and White Shepherd Plaids—Beautiful White and Violet Costume.

For thin summer fabrics skirts will be made quite plainly, but bodices will be much trimmed, ruffles, frills and plaitings being everywhere seen. The neck arrangements will continue to be fluffy, ruffles, puffings and ruffled laces encircling the throat.

Hats are of all sizes, are much trimmed and very elaborate. In Paris there is fresh agitation on the question of the theater hat, the matter being again stirred up by the large hats which have come to the front again this spring. Modistes are therefore offering tiny capotes and toques, very light and becoming, composed of a bit of embroidery or lace, some flowers or tips and a little ribbon.

Black and white still remain a fashionable combination. Black and white shep-

herd's checks and stripes in both silk and wool fabrics have a decided vogue, and black and white hats are well represented. Violet or mauve in various tones is perhaps the color most preferred, but green is a close second, and blue in the mediums and deep shades is much worn also. Violets, roses, blue or cornflowers and geraniums are seen in great quantities. The geraniums are made of plush or velvet, both leaves and flowers, and are rather a novelty. Large flowers, like poppies, hollyhocks, lilies and orchids are worn on hats which afford room for them. Many of the new hats are turned straight up behind, and in that case they are filled in there with masses of flowers, which rest upon the hair.

Today's sketch shows a costume the skirt of which is covered with five accordion plaited flounces of white taffeta ornamented with bouquets of Parma violets. The blouse bodice is of violet velvet, trimmed with applications of guipure embroidered with steel spangles. The top of the velvet sleeves is similarly adorned. Plaitings of white taffeta are placed on the shoulders, and the collar and belt are of violet satin.

\$800 IN GOLD CROWNS A MAN.

At the burning of a steamboat on the Hudson river many years ago, many of the passengers were drowned. Among the bodies brought up from the bottom of the river by grappling was that of a man known to have been an excellent swimmer. Around his waist was a belt containing nearly \$800 in gold. That told the story.

"In old and chronic cases of indigestion (dyspepsia or gastritis—it is all the same) the sufferer develops a great variety of symptoms and often dies—poisoned by the products of his own torpid and inflamed stomach. His food, instead of being digested, and so furnishing strength and physical substance, ferments and putrefies within him. The chief process of life is arrested at a vital point. The more he eats the worse off he is. And yet unless he can be fed he must also perish. People do so die, daily, by thousands, but we doctors seldom have the moral courage to save the cause its true name lest we should be laughed at for our inability to cure so 'simple' a thing as indigestion. Simple? Why, it is the capstone of all complaints—and the mother of most of them."—So writes a famous English physician.

Some of the symptoms alluded to are these: Loss of appetite; distress after eating; heartburn and palpitation; giddiness; foul taste in the mouth; the rising of nauseous acids and gases into the throat; furred tongue; spots before the eyes; unaccountable weariness and fatigue; sluggish circulation; weakness and nervous prostration; constipation or diarrhoea; discolored skin, etc.

The sufferer's friends often advise him to cheer up; to throw off his lethargy and eat freely. Bad advice. He knows better. "No," he answers, "I cannot; my food does me no good." He is right. Food now is gold in the spent swimmer's belt.

Take light nourishment, followed immediately by a dose of the Shaker Digestive Cordial—a new and radical remedy discovered and prepared by the Shakers of Mt. Lebanon, N. Spring Dress Goods. We are letting out some of the best

dress goods bargains that have ever been put over a counter. Novelty goods both in black and in colors that would regularly sell for one-half more, will be found in that great half dollar line.

Neat little checks and bright plaids are largely represented in a line of 28 inch suitings that are great sellers at 12 1/2 c. Exact copies of some of the high cost novelties will be found in a line at 25c.

All through this department we have reduced prices in order to make space for the shipments of new wash goods, organdies, tissues, etamines, &c, which are arriving every day.

Not to Be Fitted.
"Poor Jones!" sighed the tall man.
"What's the matter with Jones?" asked the nervous little man.
"He's in jail," answered the tall man.
"What's the charge?" demanded the little man.
The tall man shrugged his shoulders.
"The fact is," said he, "he has been sent to jail for having too many wives."
"What a gratifying relief it must be to him," said the little man, with feeling.
Of course, after that it was unnecessary to ask any questions as to the conversational powers of the little man's wife.—Chicago Post.

Downing a Lie.
Editor's Wife—Pretty condition for you to come home in—staggering through the streets in broad daylight.
Dilapidated Spouse—Couldn't help it, m'dear; been accused of (hie) bribery.
"Bribery?"
"Yes, m'dear; people said I wash (hie) bribed to oppose prohibition. Had to show folks I 'posed prohibition m'own accord."—N. Y. Weekly.

Peculiarly Sensitive.
At poverty (his no disgrace)
He can afford to smile,
But this cruel world he cannot face
If his wheel is out of style.
—Washington Star.

THEY ARE STRANGERS NOW.

"Isn't it a beautiful diamond? George gave it to me."
"I now understand what he meant when I refused it. He said something about killing two birds with one stone."
—Chicago Inter Ocean.

Wait for Age.
Seventeen—"Is marriage a failure? I should like to know!"
Seven-and Twenty—"My dear, when as long as myself you have married, you will not need much demonstration to show
That the only true failure is—not getting married!"
—London Punch.

Suspicious.
Gadsby—I suspect they've got a baby up at Norris' house.
Wadkins—What makes you think that?
Gadsby—Oh, nothing in particular; only I haven't heard him brag about his dog for a day or two.—P.

Urges a Speedy Conference.
Cincinnati, Ohio, April 30.—Commissar E. P. Wilson, of the Cincinnati Freight bureau, has received a letter from Martin A. Knapp, of the interstate commerce commission, suggesting his co-operation in a movement to bring about a speedy joint conference between business men, railway managers and members of the interstate commerce commission to make a complete revision of the interstate commerce law and recommend the passage of the same by congress.

Congress Adjourns Till Monday.
Washington, April 29.—Both houses of congress have adjourned until Monday, after very brief sessions, and without transacting important business. In the senate Thursday several resolutions were agreed to, including one calling for any additional Cuban correspondence, and another for information as to the cost of producing white pine lumber.

A Good Clew.
Detective—I arrested a man to-day who I am sure will prove to be the murderer of the Jones family.
Chief—A good job, Scurlock. This will bring you promotion. What evidence have you against him?
Detective—I saw a lady give him a bouquet.—Detroit Free Press.
